Important Dates

Paper Submission Deadline

31 August 2026 (Hard Deadline)

Acceptance Notification

15 September 2026 (Second Round)

Camera-Ready Submission

15 October 2026

★ About iSES 2026

iSES 2026 provides an international platform for researchers and practitioners from academia and industry to present advances in Smart Electronic Systems. The symposium focuses on innovations in hardware, software, AI, IoT, cyber-physical systems, security, data analytics, and emerging technologies that enable intelligent, efficient, and sustainable solutions for applications such as healthcare, energy, agriculture, industry, mobility, and smart infrastructure.

The conference aims to foster collaboration and showcase research that advances next-generation computing, sensing, communication, and intelligent electronic systems.

⚙️ Technical Tracks

- ✓ Nanoelectronic VLSI and Sensor Systems (NVS)
- ✓ Energy-Efficient & Reliable VLSI Systems (ERS)
- ✓ Hardware/Software for Internet of Things & Consumer Electronics (IoT)
- ✓ Hardware for Secure Information Processing (SIP)
- ✓ Hardware/Software for AI, Robotics & Automation (AIR)
- ✓ Hardware/Software for Vehicular Intelligent Systems (VIS)

👥 Special Sessions

We invite proposals for Special Sessions on emerging topics and interdisciplinary areas in Smart Electronic Systems. Interested organizers may submit a proposal outlining the theme, objectives, and list of speakers.

RDS – Research Demo Session

Researchers are invited to showcase their ongoing work, prototypes, and innovative ideas in the Research Demo Session. An excellent opportunity to get feedback and visibility.

SRF – Student Research Forum

A platform for students to present their research ideas, ongoing work, and innovations. Selected presentations will be recognized and awarded.

Submission Guidelines

- ✓ Original and unpublished research
- ✓ Maximum 6 pages
- ✓ IEEE-CS Double-Column Conference Format
- ✓ High-quality contributions from academia and industry are welcome.

Conference Venue: Goa, India

iSES 2026 will be hosted at National Institute of Technology (NIT) Goa, located in the picturesque state of Goa, India. Recognized as one of India's premier international conference destinations, Goa offers an excellent academic environment complemented by its scenic beaches, rich cultural heritage, vibrant tourism, and warm hospitality, providing an ideal setting for learning, networking, collaboration, and innovation.

Tutorials

Tutorial proposals are invited from experts in academia and industry on cutting-edge tools, technologies, and methodologies relevant to Smart Electronic Systems.

Selected papers will be invited for submission
to special issues of reputed journals.

Organized by
Department of Electronics & Communication Engineering
National Institute of Technology Goa, India
